## What Our Company Name, “METAL ACT,” Signifie

Iron and steel and nonferrous metal are supporting various industries. Today, along with the internationalization of the manufacturing business, global competition is getting severer. In this business environment, METAL ACT is in active business activities in order to contribute to the industrial development. “ACT” of our company name, METAL ACT, stands for “Advancement, Creation and Trust,” representing our wishes. Our wishes are to keep ourselves updated on ever-changing needs through our network, to contribute to the industrial development, to deepen the relationship of trust with our customers, and to promote our creative activities. And our wishes are also our missions.

METAL ACT

## We act as the reliable eyes of our customers.

The iron and steel and nonferrous metal and their products that METAL ACT is dealing in are used in various ways in many fields, including those of automobiles, motorbikes, construction machines, building and civil engineering materials and housing equipment.

- We aim to be an idea-proposing company who can keep up with the changes of the times. For this aim, we make it our motto to grasp the ever-changing needs quickly and precisely, provide information useful for our customers to cultivate their untapped demands, satisfy the needs of our customers by utilizing our trading-firm function, and conduct elaborate sales activities.
- We are bringing up human resources who can acquire broader knowledge of various fields, in addition to product knowledge, and create high added value.
- We aim to be the reliable eyes of our customers in the rapidly changing environment.

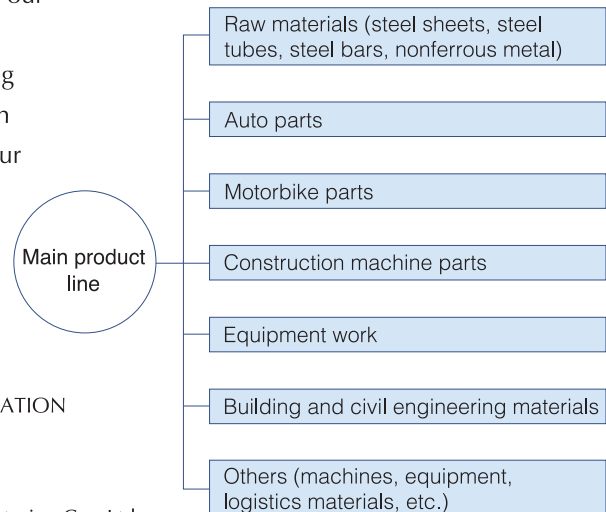

## Line of Business

### We yield satisfaction to our customers.

METAL ACT deals in the materials of iron and steel and nonferrous metal and the products made of them. In order for us to satisfy our customers by meeting their ever-diversifying needs, we are working hard to improve our functions and services by utilizing our know-how that we have accumulated since our foundation and also utilizing our broad network. And, we are providing our customers with our products that can meet any of their requirements.

#### Main manufacturers of materials we are handling

- JFE Steel Corporation
- NIPPON STEEL Stainless Steel Corporation
- POSCO
- RIVER TUBE CORPORATION
- SHOWA STEEL TUBE WORKS, Ltd.
- UACJ Corporation
- NIPPON STEEL CORPORATION
- Kobe Steel, Ltd.
- Aichi Steel Corporation
- JFE Welded Pipe Manufacturing Co., Ltd.
- UACJ Extrusion Corporation

## Shinkawa Warehouse

### We adjust ourselves to our customers on production schedule.

We have established a warehousing and delivering system that can, by making the most use of our automatic warehouse, serve the optimum stock control of our customers according to their production schedule and flexibly respond to any change in their production schedule.

## Company Profile

Company name:	METAL ACT Co., Ltd.
Date of establishment:	December 1965
Capital:	320,000,000 yen
Officers:	Kazuo Murata, President
Employees:	30 persons
Main shareholder:	Sato-Shoji Corporation
Bankers:	Risona Bank, Ltd. , The Bank of Mitsubishi UFJ, Ltd. , Mizuho Bank, Ltd. , THE BANK OF NAGOYA, LTD.
Line of business:	Sales of iron and steel and other metal materials and their products Sales of machinery and equipment Contracting business of civil engineering and construction Design and Management of civil engineering and construction Transportation and warehousing business Others business related to the above
Locations:	Head Office: 3F, Nagoya Intercity Bldg. 1-11-11, Nishiki, Naka-ku, Nagoya 460-0003 Tel: +81-52-201-5600 Fax: +81-52-232-1580 Shinkawa Warehouse: 2-1-1, Shinkawa-cho, Minato-ku, Nagoya 455-0005 Tel: +81-52-652-0407 Fax: +81-52-652-1767

## Company History

December	1965:	Established YUASA KOGYO CO., LTD. with 3,000,000 yen in capital.
June	1967:	Became the subsidiary of Yuasa sangyo Co., Ltd.
July	1967:	Increased the capital to 7,000,000 yen.
June	1975:	Increased the capital to 20,000,000 yen.
July	1982:	Acquired the construction business license.
April	1992:	Became the subsidiary of YUASA TRADING CO., LTD. when Yuasa Shoji Co., Ltd. formed a merger with Yuasa sangyo Co., Ltd.
April	1995:	Opened Shinkawa Warehouse.
October	2003:	Became the subsidiary of SATO-SHOJI CORPORATION.
April	2005:	Renamed from YUASA KOGYO CO., LTD. to METAL ACT CO., LTD.
February	2006:	Installed an automatic warehouse in Shinkawa Warehouse.
April	2009:	It is a headquarter shift in 1,Nishiki,Naka-ku,Nagoya-shi
June	2012:	Increased the capital to 320,000,000 yen.
March	2020:	Acquired ISO 9001 Certification.

## 素材(鋼板・鋼管・条鋼・非鉄金属)

Raw materials (steel sheets, steel tubes, steel bars, nonferrous metal)

自動車をはじめ輸送機器、建設機械、建築土木建材、住宅設備機器など、幅広い用途に最適な商品を提供いたします。

We are providing products most suitable for various uses from automobiles and other transportation equipment to construction machines, civil engineering and construction materials and housing equipment.

### 鋼板 Steel sheets

酸洗鋼板、冷延鋼板、めっき鋼板、自動車鋼板、  
高張力鋼板、特殊鋼鋼板、ステンレス鋼板

Pickled steel sheets, cold-rolled steel sheets, plated steel sheets, automotive steel sheets, high-tension steel sheets, special steel sheets, stainless steel sheets

### 鋼管 Steel tubes

機械構造用鋼管、自動車用鋼管、建材用鋼管、  
配管用鋼管、冷間引抜鋼管

Machine structural steel tubes, automotive steel tubes, construction material steel tubes, piping steel tubes, cold-drawn steel tubes

### 条鋼 Steel bars

丸鋼、平鋼、角鋼、みがき棒鋼、H形鋼、その他各種形鋼

Round bars, flat bars, square bars, cold-finished steel bars, wide flange beam, other various shape steel

### 非鉄金属 Nonferrous metal

アルミ合金材(板、管、棒、形)、鋳造品、鍛造品、建材製品、  
チタン、ニッケル、銅合金

Aluminum alloy materials (sheets, tubes, bars, shapes), cast products, forged products, construction material products, titanium alloy materials, nickel alloy materials, copper alloy materials

# 自動車用部品関連

Auto parts

安全性、快適性など、ドライビングの進化するニーズに対応すべく、  
多様な自動車用鋼材を提供いたします。

We are providing various automotive steel materials to meet  
ever-evolving driving needs for safety, amenity, etc.

## 二輪車用部品関連

Motorbike parts

頑丈さと柔軟さが求められる二輪車の構造の向上をはかる、  
商品を提供いたします。

We are providing products that can improve the motorbike  
structure for more sturdiness and flexibility.

スプロケットギア  
Sprocket gear

ブレーキレバー  
Brake lever

フロントフォーク  
Front fork

リヤクッション  
Rear cushion

ギアスピンドル  
Gear spindle

ディスクローター  
Disc rotor

# 建設機械用部品関連

Construction machine parts

耐久性や耐候性をはじめ、加工性や経済性など、  
建設機械の部品に求められるニーズにえています。

We are satisfying the needs of construction machine parts for  
workability and economical efficiency as well as durability and  
weather resistance.

# 設備機器用部材関連

Equipment materials

利便性やセキュリティなどが求められる、身近な暮らしに欠かせない製品づくりに関わっています。

We are making products indispensable to your daily life requiring convenience and security.

クローザー
